

Declaration of Subsidiary Establishment

Union Technologies Inc.

In the name of progress, innovation, and industrial excellence, **Union Technologies Inc.** hereby proclaims the establishment of its four subsidiary corporations, each dedicated to advancing strategic sectors of economic and technological development within the TREDT Union.

1. **TREDT Agriculture Corp.** – To revolutionize agricultural production, enhance food security, and implement modern farming techniques for sustainable development.
2. **TREDT Minerals Corp.** – To oversee mineral exploration, extraction, and refinement, ensuring the optimal utilization of natural resources for industrial and economic growth.
3. **TREDT Chemicals Corp.** – To innovate and manufacture chemical products essential for industrial applications, research, and domestic needs, while adhering to environmental and safety standards.
4. **TREDT Textiles Corp.** – To drive advancements in textile production, fabric technology, and sustainable apparel manufacturing, supporting both local and global markets.

These subsidiaries shall function as integral components of **Union Technologies Inc.**, working in accordance with the vision of technological supremacy, economic self-reliance, and national progress. Their operations shall be governed by the principles of efficiency, sustainability, and innovation, under the regulatory oversight of Union Technologies Inc.

This declaration is hereby issued on this day, marking the commencement of their operations in the service of the TREDT Union and its people.
