Military Permit –

As the company can get attacked by the Competitors so the Company is given a Military Permit by the Union Governor of TREDT Union. So the Company can have its own Army for protection reasons. It can't pillage any claimed areas. If the areas are neutral so the company can claim it and setup anything there. The Company's Military is the issued military given by the TREDT Union and is supremely commanded by the President of Union and the Governor General in the field of action on the command of the President.
