

Vizlandia Forestry & Mining Order, 2024

Order No.: VFMO/2024/01

Issued by: The State Government of Vizlandia

Date: 17/11/2024

Preamble

Recognizing the potential of Vizlandia's natural resources to contribute to economic development, industrial growth, and the overall welfare of the citizens, the State Government of Vizlandia hereby issues the following Order under the provisions of the State Resource Management Act.

Section 1: Title and Purpose

This Order shall be known as the *Vizlandia Forestry & Mining Order, 2024*. Its purpose is to authorise and facilitate sustainable timber harvesting and mineral extraction operations within designated areas of Vizlandia by the *Union Mining & Steel Company* with full state support.

Section 2: Scope of Authorization

- Timber Operations:**
 - Permission is granted to the *Union Mining & Steel Company* to fell trees in designated forestry zones as approved by the Department of Forest Resources.
 - The company must adhere to all forestry regulations and implement afforestation programs in affected areas.
- Mining Operations:**
 - Permission is granted to extract ores, minerals, and other natural resources from the designated mining zones.
 - All extraction activities must comply with the environmental and safety standards set by the State Environmental Agency.

Section 3: Responsibilities of the Union Mining & Steel Company

- Employ a minimum of 40% of the workforce locally, prioritising employment for Vizlandia's residents.
- Establish community development projects, including healthcare, education, and infrastructure, in affected regions.

3. Submit regular progress and environmental compliance reports to the State Government.
-

Section 4: State Government Support

The State Government commits to:

1. Ensuring a smooth regulatory process for all approved operations.
 2. Providing logistical and administrative support to facilitate operations.
 3. Guaranteeing law enforcement protection for assets and personnel engaged in authorised activities.
-

Section 5: Environmental Safeguards

1. All operations shall follow sustainable practices, including reforestation for timber extraction areas and proper reclamation for mining sites post-extraction.
 2. The company will be held accountable for any violations of environmental laws, including penalties and suspension of operations if necessary.
-

Section 6: Monitoring and Oversight

A joint oversight committee comprising representatives from the State Government, environmental experts, and local stakeholders shall be established to monitor compliance and address grievances.

Section 7: Validity and Amendment

This Order is effective immediately upon issuance and shall remain valid for an initial period of 10 years, subject to renewal based on performance reviews. Amendments, if necessary, will be made in consultation with the Vizlandia State Assembly.
